SMART CLASS SOLUTION

GET E-BOOK ADVANTAGE

Experience the joy of an interactive classroom experience where learning comes alive and the learners are transported into a different era of increased performance.

The ebook hands-on tools facilitate teaching learning process in multi-folds:

- Helps to improve aural and oral skills.
- Leads to identifying and differentiating skills of focussing thereby enabling the facilitator to increase attention and retention in the class.
- Bridges the gap between the traditional and exhaustive chalk-and-talk method and the contemporary method of understanding by doing.
- Devises quick assessment techniques through objective-type questions.
- Provides a platform in creating lesson plans and assessment by placing the entire content of the Teacher's book on finger tips.
